Getting started with a **nook**®

1. Press the **Quick Nav Button** "N" at the bottom of the screen (or press and hold the power button on the upper left side of the device) to wake up the NOOK®. Drag the closed padlock icon to the right to unlock the screen. (*On the color NOOK®, drag the icon to the padlock.*)
2. Start reading the book of your choice by tapping the cover of any book in the library. You can swipe across the touch screen either direction to turn the page. (You may need to choose the library icon in the lower left of the screen.)
3. Tap the center of the screen for **Reading Tools** that let you change the font size and more. (*Not available on color NOOK®.*)
4. You won't need to turn the NOOK® off. It will "go to sleep" on its own when you stop reading.
